

CHEVY

NEEDS A FUREVER HOME ASAP

I am a good dog in need of someone kind to take me home NOW!

Chevy is a 3 year old, 57 lb. Pit Mix full of love. He knows some basic commands, sit, stay, come, watch me, go to your bed, paw, and he waits patiently for his food. He is house broken and crate trained

Chevy has lived in a home with two other large dogs but he has never had a permanent home in his short life.

He is not good with cats.

He is still very much a puppy and needs some training. He walks like a gentleman on a leash but he does get a little excited when he sees other dogs.

He likes to wear a backpack on his walks. Chevy loves to be out in the yard with you. He also loves to run, swim, and unwind sitting on the swing. He will be a great addition to someone who is active. Chevy is up to date on his shots, fixed and microchipped.
